

E-Line

High-Performance Connection to Reliability

E-Line gives your business the benefits of traditional private lines with the flexibility and scalability of Ethernet.

Reduce costs and increase data capabilities

E-Line gives your business Layer 2, point-to-point connectivity between two locations over a single, scalable Ethernet connection. E-Line offers customers high-bandwidth connectivity at a competitive price point and supports your ever-changing business requirements over a single, scalable Ethernet connection.

Solutions-based benefits:

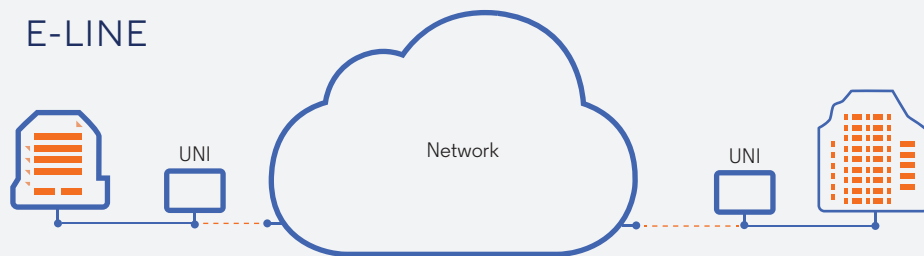

- + Simplified, plug and play connectivity to your premise equipment
- + Security of Ethernet Virtual Connections (EVC)
- + Optical handoff available for all speeds (optional)
- + Bandwidth up to 10Gbps*

Experience the ease of Ethernet and our 100% fiber-optic network

-  **Unsurpassed reliability** – Our high-performance fiber-to-the-premises network architecture protects your critical data and provides superior availability and resiliency.
-  **Easy scalability** – It's easy to meet your current and future data needs. As your business grows, a simple software change is all it takes to upgrade to up to 1Gb or up to 10Gb with little or no downtime.
-  **Valuable security** – We protect and segment all customer traffic on our network.
-  **True simplicity** – Our seamless installation, and Customer Care make it easier to manage your network.

Technical Features:

User network interface (UNI)

Physical Interface:	RJ45, SFP - SX-MM, LX-SM (802.3 IEEE)
Mode:	Full Duplex
Interface:	GigE or 10 GigE*
Framing:	Jumbo Frames up to 9000

Why Optimum Business?

Company-Wide Customer Commitment

With 24/7 support, our team is always here to keep you connected with our truly personal approach to every business we serve.

Nationwide Network Reliability

We're bringing best-in-class Internet, voice, data, and cloud solutions for businesses in cities and rural communities across 16 states.

Customizable Connectivity Solutions

Flexible network options include fiber and our reliable voice, cybersecurity, and managed services are designed to meet your business' unique needs.
